goes to Montreal & sails on Friday for her first trip abroad.

Monday Sept. 19th. Went to the office in the morning which was cool. at noon Charlie telephoned and asked me to go to the Gillies Hill School Fair. Mrs. S. Stewart was along. Lovely day for a drive. Fair very interesting - the 1st School Fair I ever attended. Got there just as the parade was finished. Saw colts & calves exhibited and chickens & tried to see some of the races but people crowded in so closely. Went through the hall also & saw the flowers, vegetables, baking, seeds and collections of weeds etc. Got home about 4:30. And worked at office until 6.
