Belfountain, January, 1879.

Messrs. Milburn, Bentley & Pearson.

Gentlemen,—My son was taken about two years ago with Asthma, which was attended with a very bad cough, and was in a very bad condition. He commenced to take your Victoria Hypophosphites about six months ago, and has found great relief from its use, and I think it will make a permanent cure of his case in a very short time He has taken about six bottles.
