

about 3000 lbs. they  
fed them two big buckets  
of fish. next we went  
through the snake building  
and saw all kinds of them  
next was the monkeys  
and Baboons. all kinds  
of them. from there we  
saw the Birds from  
Eagles down to the smallest  
kinds. from all parts of  
the world. they were all  
sizes and colors. and  
hundreds of them. then on  
to the water fowl. in a  
large flying cage there  
were cranes. egrets. Flamingoes  
and other bright colored ones

down at the bottom was  
a nice grassy place and  
we had our lunch and  
started again. there were  
pools each of ducks &  
geese. and wild ducks  
of all kinds. a pair of  
emu. from Australia.  
a few of Peacocks. a kind  
of small pig. a pool  
with four large crocodiles  
another pool of sea  
bills. had one wing cut  
and they were as tame  
as chickens. would eat  
out of your hand. then  
we started up the hill
