Stayed until about 9 p.m. Duncan called for a few minutes having brought Dr. Arch. McConnell up to see Mrs. Harper's eyes.

Friday Oct. 14th Beautiful day. Hot still very sore. Went down to Stone's in the morning to get my shoe stretched. Morning hair was wrecked about 30 ft. north of railway bridge. Charlie and Alec away out to see it. Miss Milne fitted my dress while I was there and helped Dorothy rip her grey coat which she is going to have dyed. Went to Dr. Rannie's on my way home. He thinks it is the arch that is the trouble. Must buy brocade for my new Oxfords. Dorothy and Viola walked out to see the hair wreck about 2 p.m. Moment
