that they were driving up. Went to call on Mrs. Leslie after I came home and when I returned from calling found Mrs. Engel, Jack & Dorothy here. Mrs Dorothy drove back to Hanover with them & came home on the late train. Visit & Frank Hyde, Mrs. McQueen (who has been seriously ill in England) and Clara.

Friday Sept. 30th Fair Day - Heavy showers all day long. Hemmed a table cloth. Went down town in the morning with Dorothy to get some hair pins as her switches came. She tried her hair up but soon put it down again. She rather hates to cut it - grows. Charles and I went to the Fall Fair. Terribly muddy. Better crowd than we expected. Saw school children drill.
