Thursday Oct. 27th — Had my old pain in my side this morning and spent the day on the sofa. Sat up after tea.

Friday Oct. 28th — Very mild - Grey day. String Dorothy's yellow beads. Went down town with her after dinner to see about a dress and to get doily for the shower to Elizabeth King to-morrow at Wellington King's. Called at Tuer's to deliver bibs I got for the baby. Margaret Kastner came on the afternoon train. Took up my Gladiolus bulbs, went down town again and made the entries. Called to see Mrs. Leitch but found her out but saw her afterwards on the Street. Wilfred called for Margaret & Dorothy to go to the dance. Duncan here. Wrote to Clare.
