**ACUTE LARYNGITIS.**

In acute laryngitis, 1 part each of compound tincture of benzoin and paregoric, to 128 parts of boiling water, may be used with advantage for steam inhalation.—*Chicago Clinic.*

**A distorting of the name Pepto-Mangan by unscrupulous dealers is a gross fraud.**

A warm day. Maudie was home & took her bees out. They all came through & cloven skips. Then, after dinner she & Mrs Bingham went to Ayler. Julia was not so well.
