May 1884

17 Ad and Jennie came home at night Ad sowed 4½
Bushels of the White Russian oats there the ground is wet yet
~~18 Jennie came home at the morning he went home~~
there was a letter for the Express he came from Geneva
Jennie there was there to see
last night White Jennie cultivated the little field North of the Seam
19 Ad replanted Jennie's grass seed in the north field
Southeast corner the ground is very dry
20 Ad sowed 2 ridges of grass seed Peas that
picked there was more than half a bushel of them
and 1½ bushel of the White Egyptian oats
21 they planted 5 bushels of patatos next to the
dikeh South side of the same field very warm day
22 Revd Mr Millard preached this Evening warm day and day
23 Ad went home after he set Jennie to cultivate the
garden he cultivated it and the little field at the
Milk shed very warm day the ground is very dry
24 Ad went and got some seed patatos from Pierce
and Jo Stacie this forenoon we then cut them
there was heavy thunder this afternoon and a fine
rain every thing looks green that is up
25 Ad and Jennie drew stones and sand for Mr Jean
he is fixing over his house most of the day
26 Ad cultivated the little field at the Milk shed
and then marked it out with the plow we then
planted 6 Bushel of patatos of diferand kinds
and the most of it in corn
27 rain this forenoon Ad was at home Jennie died there
here he split some wood in the afternoon
28 we cleaned what peas and wheat we have and
the flax seed there is there 2 bags of it
29 Revd Mr Millard preached this morning
30 they cultivated the garden and planted it all that
left with Beans that is 2 ridges East of the grapvine
and the corn between the vines with Beans
31 Ellen planted her cucumbers and Squashes next
the house and 1 drill of vegetabegs
