of a speck of Cosmic dust." Dorothy at Bijou with Ida Halladay.

Thursday Nov. 17th After the lecture Dr. Carpenter, Mr. & Mrs. Merrell & Mrs. Wilson came up to the house and we gave them tea. Wrote to Clare, Nell & Elsie Stewart.

Thursday Nov. 17th Mild day. Showers. Went up the hill in the morning. Went to the office after dinner and spent a couple of hours making entries. Dorothy went to S.S. room to practise for Scotch supper programme "a Guarantee against Jazz." & then went to McDonald's. I stayed in all evening - ankle sore - also fingers and wrist. I would be happy to say good bye to this rheumatism or whatever it is.
