Canada must be free

"Air John Brown's body
Oh dear friends and fellow citizens,
I'm glad to see you here,
We're a meeting here for business,
And we need your help and cheer.
We're preparing for a battle,
And our battle cry shall be,
That Canada must be free.

Chorus
Glory, glory hallelujah
Glory, glory hallelujah
Glory, glory hallelujah
Oh, Canada must be free.

There's a monster in this country,
Crawling round both night and day
He is snatching up our brightest sons,
And hurrying them away.
While the mother's wives and daughters
Cry aloud on bended knees,
Oh, Canada must be free.
