255 DAYS PAST

III TO COME

The Difference Between Day and Night.

A North Dakota physician writes: "If you could have seen the patient, a young lady before giving Pepto-Mangan, and see her now, it would be the same as looking at the difference between day and night. She looks well, eats well, sleeps well. It makes me feel good to see the results."

Weather

a fine day

Temp.

I washed some things John went over to Eugene's for seed wheat, came home for dinner. Eugene & Alita was here for dinner, they was a going to Aylmer. I went out this afternoon for Maude's, but she didn't come home. John sowed part of his wheat
