

May Tuesday 4 1926

Alex and I attended Patton's sale for a while in the afternoon and brought home a load of hay afterwards. Tired in afternoon as I didn't a snooze.

Wednesday 5

Earl of Bendmere went home sick with the result that Grandma called up and expressed her views of the matter.

Thursday 6

The Birly family and I went up to Barkus to hear Mac speak on the radio but were too late. However we heard some splendid dance music and had a very nice time.

May Friday 7 1926

Attended U. F. Y. P. O. Box Social in Maus School and paid \$1 for a box with no name in it. It sure was some box. Elected chairman for the evening something new for me. Phyllis and Andrew went with me. Jimmie Barkuly arrived at Bendmere

Saturday 8

Washed my buggy up in afternoon after I had finished in the dairy and Jean of Bendmere took Alex and I to town in it at night as the cook went to Ayer in the car to stay until Sunday.

Sunday 9

Did my milk route up in 4 hours and 35 minutes from time I left home. Alex had steam up so we finished washing up at 12:30. Spent a few hours or rather a few minutes with mother on Mother's Day after I had got Jean. Then Carl and Rouse went with us up to Dito Ford up to go in Gray Dot's stall after breaking top here and there and plowing down here and there.
