

May 27th cool & cloudy
rained nearly all
night again.
planting tomatoes
between showers. ground
terrible wet.

May 28th finished
planting tomatoes have
about 3 acres. started
planting pepper. very
cold. looks like frost
tonight.

May 29th Sunday cold
. turned onto daylight
time today. drove
down to the beach
in the afternoon &
saw them fishing, were

catching a lot of very
small perch.

May 30 some warmer
planting peppers all
day.

May 31st. Planted
peppers in the morning
started spraying at
noon. got 13 tanks
on.

June 1st. spraying till
4 P.M. when it
started to rain. got
9 tanks on. by drawing
water by truck in
barrels right out to
the orchard. finished
planting peppers.
spicy mixture about 6 lbs lead
& 3 1/2 lbs lime sulphur
