

Tuesday November 23<sup>rd</sup>

It has been a very dull & unproductive day. It has rained quite a lot, but we went out and pulled three of the turnips this forenoon and this afternoon put them all in the pit and Dad. covered it. They appear to be all right in spite of their being wet but we don't know how they will keep. Miss M. came over to tea and I chartered him. He chartered up very well.

Wednesday November 24<sup>th</sup>

We put in the whole forenoon just doing chores & putting around. It was a very wet gloomy day. In the afternoon I stayed home and put on all the storming and it was quite a job to make them all fit. Mary had a worse job as she was bound to wash them all thoroughly before I put them on, so was tied out to night.

Thursday November 25<sup>th</sup>

Dad. ploughed all morning and got about half a rowed wading through the mud holes so this afternoon Frank went out. This morning Frank went down to the mill to get the barley chop we took down on Friday but it wasn't done they not having got their chopper working right yet. He and I then went over to Jack Martins and got his corn stalk chopping box and brought it over to chop stalks for the hulls as they

don't eat them very well the other way. I spent the rest of the day doing chores and husking a little corn. Winnie came over and spent the afternoon sewing with Mary and stayed to tea. Still cloudy but not cold.

Friday November 26<sup>th</sup>

Mary went over to the farm with me this morning & Dad. drove her down with Sid. to school and she visited Miss M. Queen over here to tea. Old Lady's woman one of her periodical rump ragis and followed the buggy all the way to the corner and I suppose would have gone all the way to school with her if I had not cut across Grey's and headed her off. She went down to Quabury's and their home. I did Chores all day & Frank ploughed. After dinner Mary and I gathered up some russet and made a gallon or so of cider. Miss M. Queen came over for tea and Dad. Enol and Sid came over and spent the evening. Frank had to go out to the school house.

Saturday November 27<sup>th</sup>

I just did Chores to day and Frank ploughed and Dad. cleaned some ditches. Lila was over here all the afternoon and to tea. The Jupiskays were over to night after they left I rowed Lila across the pond, it was a lovely night. We haven't seen the sun all this week.
