I were alone down stairs I went & got
some corn we wasted it then I got dressed
up in girls clothes & went to see the girls
I did I went to Folsom bridge & we
waited till they came at Lang gate.

When we got home I gave a fearful
wrap at the front door & we went in
but person away. Wednesday 12th

I did not get down stairs till breakfast
was ready I went to bed after dinner
Sarah got on the roof & I searched at
the windows till one came open then
she got in & teased me till she got tired
then she went away I slept till four
o'clock I got up & washed some windows
then Emily Fuller came for tea before
we got to bed Jane Bray came in just
got dishes done when Mary & Ida came
