253 DAYS PAST

112 TO COME

After the Summer Heat.

many individuals are in need of a general reconstruction to increase that force and resistance which is necessary to withstand the business or social strain of the fall and winter. In such cases there is no one single remedy quite as dependable as **Pepto-Mangan (Gude)**. It increases appetite, restores strength and general vitality, reinforces the blood, and acts as a general reconstituent for patients of all ages.
