

fallen in the air all day. It was quite mild this morning but the mercury has been dropping all day and stands at zero to night. This afternoon the J. W. Co. came from the Bricker's Gazette Company so I spent this afternoon looking through them. Charlie Shand was over and he and Frank went down to the dam to see if they were going to put the bridge back in place. but something went wrong with their plans so they didn't move it.

Friday January 10th

It has been still very windy all day, the wind was worse than yesterday but it has been much milder and was barley freezing this afternoon. I just did chores this morning and this afternoon went up to Mat. Wilson's to pay him for the apple barrels I got last fall. Sam Law had been thrashing there but had to stop as the wind was blowing their belt into the wheel and freezing it. I went over to Tom Thompson's for a while to look at his calves. Frank went over to Maudie's as he had promised to help them haul hay but as he thought they didn't go after hay as the wind was too strong. I went down town to night. They had a small fire at the den last night.

Saturday January 11th

Frank and I fed up the stock this morning and then went out and got a small jug of corn shocks. Tom and his grandson young Murray Simpson came over and got a little jug of hay on his one horse wagon. This afternoon Frank went out with John Leabury to Charlie's place and helped him put on a load of hay. I did chores and husked enough corn stalks to feed the cows to night. Aunty came over this afternoon to see how Dad. was and he and Sid. walked back with her and stayed down to tea. Frank went down town to night and I oiled the chicken's legs. Not so windy a little colder.

Sunday January 12th

Frank went down to Sunday school and church this morning but I was doing chores till noon. Dad, Euk & Sid went down to Aunty's for dinner and Euk went to church. Frank, Aude & Carl came to see Dad. just as I was going to eat and I left home here with Frank and went down town. I was down with Mary all the afternoon but come home to tea and do chores. I went down after tea but was too late to go to church. It has been mild and sunny to day. Not much wind.
