

there for them to destroy except a beautiful
crop of weeds. There will be great pasture for
the cows for awhile in the piece that we are
fencing off as clover has come on fine since
laying although it wasn't needed. We had to
go back ~~to~~ the gully after dinner for one of the 300
rolls back there although we only had a few yards
in the piece to finish. J. C. Ross was over this
morning looking at the sheep. He is going down
to judge at Toronto next week. May drove her
down with Mexico & the buggy this afternoon
and left him at the Bagley's for a day or so
I went down to night and got my hair cut.

Sunday August 28th

May, Dad and I went down to Sunday school this
morning and Dad & Erab drove down to church.
May and I walked around by the Bagley's after
church for a few minutes to see how Mr. Clarke
was. He had been to the Presbyterian Church
with the Bagley's as they & the Methodists are having
Union services for a few weeks. Dad brought

Auntie & Auntie Alice over for dinner and took
them home just before tea. Auntie is over so
much better but pretty weak yet. The Wainwright
Bainfields and Mrs. Bainfield came sep and
were here for the afternoon. I went to bed
soon after tea. Bill, Fallow's barn with all his
the years grain and 3 or 4 hundred bushels
of old grain was burned yesterday afternoon.
They claim it was spontaneous combustion
but Dad snorts at the idea and says no barn was
ever set on fire by that, through grain heating.

Monday August 29th

It started to rain soon after breakfast this morning
and we had a heavy thunder storm for most of
the forenoon but it came out hot & sunny this
afternoon. I spent the morning painting my last
show card lesson and May posted them this afternoon.
Dad wrote letters to Frank and Dick most of the
morning. This afternoon we separated the ewes
& lambs and put the ewes across in the little feed
pasture. I worked all the afternoon building a fence
