

Jennie stayed till near noon.

I got Jennie & Ida to help me fix my hair that Annie cut for Sunday. Ida platted it in two braids then I got a lid & box & they made it in a circle & Jennie sewed it in the lid they put their own gem in the centre it took sweat. They glued my gem & put a flower of paper on the back of the lid to cover the stitches. I was just going out to get potatoes for dinner when E. W. came to bid the folks good bye. I met him in the garden when I was coming back with the potatoes Sarah picked him a bouquet then I washed myself & went around Jennie, Ida & I went around in the garden & I gave him the box he thought that was lovely. He bid good bye ⁱⁿ the house.
