Mistaken Diagnosis. No. 5.

13. Systolic or presystolic murmurs, heard best at the apex of a markedly enlarged heart, rarely mean valve lesions.
14. Diastolic murmurs at the base of the heart are very uncertain evidence of aortic disease unless there are characteristic jerkings in the peripheral arteries.
15. Myocarditis is a diagnosis which should never be made clinically.—Cabot; Journ. Am. Med. Assoc.

*was married at noon
to day. Maudie & Melba was
at her wedding March
& they gave her a lovely
pink set in pearls. Mother
helped wait on tables
I went to Aymer this morning
& took Grace to school,
& we got her a set of
coffee spoons. Blanche got
helped to cultivate corn &
John played all day
