63 DAYS PAST

Monday

303 TO COME

Parasitic Anemia caused by hook-worm, the malarial plasmode, tape worm or other intestinal parasite, is promptly amenable to the corpuscle-building power of

Pepto-Mangan ("Gude")

Weather

a lovely day

Temp.

*I muddy, Maudie & I went to
Alymer. The first time Maudie
has been out for three months
she went & took a french lesson
of Ettie Stewart. I went & called
on Mrs Dr Auguastine a while
John dreed manure this
forenoon & went to mill this
afternoon.*
