Wednesday 13.

A fine day but strong wind. Rather hot and close, most of the day. Mrs. Thompson and I went down to Tillsonburg this morning. Mr. & Mrs. Phelps came over this evening for cabbage plants. I finished the ironing. Dad harrowed his corn ground and drew manure. I went to Kingsmill this morning to take a letter.

Fine day, quite warm this morning but very cold and windy tonight. Mother and I went to town this afternoon. Osmond and Grand came home tonight and brought us some ice cream. Mother had been sewing on my dress. Dad has been drawing manure.
