151 DAYS PAST

214 TO COME

Two Reports from Ireland.

"I have tried the samples of Pepto-Mangan (Gude) The patient, who is a dyspeptic and neurotic, derived much benefit from it. I have directed her to continue its use as it suits her so well."

"I have found Pepto-Mangan (Gude) a most excellent remedy in the treatment of anemia. I shall continue to prescribe it in suitable cases."

Weather

Warm

Temp.

I was home all day. Grand & Melba was down to sheds a little while after supper. John was over to Marks in the forenoon. Eugene was to his place & to Danes for dinner. Got a letter Saturday night from Gretta saying that Ella was in Chicago hospital.
