343 DAYS PAST

23 TO COME

Aug. 24, 1906.

Dr. A. H. Vordick, St. Louis, Mo., says:

"As I believe that **Pepto-Mangan (Gude)** is a true organic preparation of iron and manganese, with all the exceptional and best of therapeutic merits, and has a superiority over all other blood making compounds, I recommend and prescribe it to my patients. It increases the red corpuscles."

Snowed and blowed something terrible. Some places were deep with sugar snow and other places were bare. Dad went after Maud in the morning. She didn't get her teeth fixed. She stayed all night with Mrs. Cline. Got 14 frozen eggs which are worth 5⁴⁰ a piece.
