177 DAYS PAST

189 TO COME

Does Not Irritate the Gastric Mucosa.

The ferruginous content of Pepto-Mangan (Gude) is in the form of an organic peptonate, and exists in its most tolerable and acceptable form. It may be given regularly, as long as hematinic and tonic medication is necessary, without irritating the stomach or producing constipation.

Weather

Temp.

A fine day

I went as far as Mrs. Kearns when Mella went to Sunday School & Viola & Maude & Abell & Crie went with her. Maudie didn't feel like going. Then this evening Girls' & I went to church. Mr. Coles was down to Myrtles.
