

Have been helping
Billy Mc. Kee get
in wheat to day with
the two men. Got the
ten-acre field all
drawn and gone
loads from the
Eleven acre lot.

Had visitors who
we never expected
to see in the flesh
Mr. Reuben Ellis &
wife. He had some
other friends as well
felt sorry that we
had to work while
they were here.
Expect them back
again however in
a week or so. But
after all it was so
me a great treat to
see these dear friends
of my father and mother
in their fading days.

Finished drawing
wheat this forenoon
some thirty loads or
all. ^{It} has been
taking skubble & get-
ting it in &c.

I went out to blo-
ver this evening with
or rather after some
repairs for keaper &
to attend a prayer-
meeting with society
or official meeting
afterwards. At new
quarterly board was
organized with Mr.
John H. Ellis
as recording steward.
Was much impressed
with the business
capacity of our new
minister as well
as his sterling pi-
ety.
