

April 7

on the milk wagon.

Saturday 7

Rained nearly all day, rained so hard & the roads were so muddy we couldn't go to Mrs Appleford's funeral. The Paul bears had to carry her to the road, & the lane was so muddy & no footing for them. I guess they had all they could do to get there. Harry is going to a trip again to night. Harry & Melba painted the screen doors, all the screens on the veranda. John got a grain & got his hair cut.

Sunday 8

Cold wind. But very much snowing off and on all day. Snowing so hard some times you could hardly see the barn. The snow melted. To night it is freezing hard. Almond came with his car to night. Harry stayed all night. John was up to pine knaves.
