

it is found is so rough they had to call it rough
and it is the same as I want to things turn
on the Merchant Express to Penryn

18 got home on the Express all well more to have

Regular Sunday School day it was a good meeting
they raised the wheat cleared out the furrows then rolled
the rounds at the bottom one round in the middle and one
at the top of the piece to test the smooth or rough surface

18 they cut up the corn in the garden and drew a line
from the station to the Show ground, we got a cane
load from Sharbut Lake River came from Tor to

19 Don is cutting corn and is helping to pack Rescue train to the
going to London in central India as a Medical Missionary
She went on the Express to Bracknell this afternoon

19 Don is cutting corn I helped I Cook and Dean at the
train grazing we took up the lines & marked the places
for to put the posts the ground is very dry & hard

20 Made. Calt got is forward ^{leg} Brack last night
or this morning we been fixing it most of the
day Dr Hanna put a plaster of Paris bandage on it
and splints I do not think it will do any

21 Mr Hyde preached this morning fine day
22 heavy rain most of the day Don traced out

23 we tried to put the Calt in a sling it would not do we
cut out of the bandage & saw a part of the bone of end
put on another plaster bandage & 2 iron splints on

24 Don finished cutting the corn in the forenoon & drew dung
to the third field in the afternoon

25 very heavy rain last night and this morning
they fixed the horse stable in the forenoon & drew
some large stones that was at the first ditch Don placed

26 Don finished the plowing before the wheat and
he is now doing the third piece I intend to go to the

27 I went to Penryn on the Express to Bracknell last morning
Express to Penryn Wm Smith met me there got to the
before dark then we went to the station
we went to the church Mr Smith & I went to the

28 Wrote over the farm it is a good one some 1000
29 we went to the rain gauge to see the rain gauge
the gauge is fine and the rain is good
