245 DAYS PAST

120 TO COME

Prepare for School Days.

If the young pupil is fortified by the toning and building up of blood and tissue, the prevalent school infections, scarlet fever, measles and diphtheria, are more likely to pass them by. **Pepto-Mangan (Gude)** is an excellent blood tonic and reconstituent for children, because it is devoid of constipating action.

Weather

Temp.

A fine day rather  
warm had the washers  
for dinner but got through  
about this warm & fine  
Eugene & Aleta went  
to their place but came  
back by night. Then  
went to Ayler & John  
& I went to Ayler  
this afternoon then John  
went down to that place  
got some pigs this morning
