September FRIDAY 5 1919

fine day I cut a little Brush in the morning I took the car and drew down some of the lumber out of the Gilbert shop in the forenoon and Commenced to Batten the cracks on the Barn in the afternoon

September SATURDAY 6 1919

dark and cloudy rained a little I put up a line shaft over in the little Barn and took the dynamo over and put the 7½ Engine and it in the Office until late tonight
