

SATURDAY, APRIL 30, 1870.

I finished sowing  
one field to day  
with barley. The five  
acre lot east of the  
house.

This afternoon I  
went out to Dover on  
business and to attend  
the meeting of the Town-  
ship Board. The first  
regular meeting of  
this kind, I think, that  
I ever attended. There  
was lively times for a  
while amongst some  
of the Brethren and  
the business of the  
meeting could not  
could not be properly  
closed up on account  
of deficiency of the  
Ministers Salary. An-  
other effort is to be made  
and another meeting held.

SUNDAY, MAY 1, 1870.

This morning I went  
out to attend the Town-  
ship Meeting service at  
Dover. The Love Feast  
was a delightful season  
from the presence of the  
Bonds. The sermon too,  
was excellent and the  
abundant charge. My  
soul was much blessed  
throughout this service.

But alas! I might say  
heart is sad with the  
remembrance of a par-  
tially infirm day. Some  
of the Bonds were removed  
there has been improv-  
proved. My privileges  
I have been glorious but  
oh how little my life  
was reflected in my  
How little the gratitude  
that I have felt towards  
my Heavenly Father
