

to look at the wheat. It is very brown but is not low and seems to be alive still. To night Cash, Frank and I drove down to church and Frank went to the show afterwards. It has been a lovely day. We still have the sow that Calvin Rogers brought in here last night. I went past here in the afternoon with a couple of fellows who were driving some stock down the road and we thought it belonged to them but Calvin said it went into their place and the fellows didn't bother with it and as they were afraid it might hurt the sheep Calvin chased it back up here, thinking maybe it was old Gladys. She is a nice looking white sow in good shape.

Thursday March 22nd

This morning we did chores and I started to build another chicken coop. Frank is making a bird house to attract some blue martins to build as they are supposed to eat up house flies. We also took some pictures this morning one of the ram and one of Elgitha. This afternoon Frank and Dad went down home to cut the last of the locust trees in front of the house but I don't think they had much luck. I worked on my chicken coops and painted the one. Old Bill Roberts came in and claimed the lost sow. He said he would be after her tomorrow. It has been a beautiful, mild spring day.
