

Town this afternoon. George spent the afternoon writing letters. He received a packet of mail yesterday from Granddaddy with a telegram enclosed offering him a position as instructor with a survey party going to Peace River at 100 a month. George thought that was "joke" but an other epistle from Granddaddy informed him that he had answered the telegram saying he didn't think George would accept the position. George sent a wire right off yesterday contradicting that statement and this afternoon wrote his father telling him that while it was perfectly alright to open his letters he did object to his answering them. Last night George, Marion and I went for a drive. Dad said he would like to see the skull I found so we went up and got it and brought it home. We then went on out through Lyon Valley. It was the first time they had had a ride behind Queen and it was quite a treat I think after Mexico. We had some music when we got home.

Sunday June 22<sup>nd</sup>

I took Sid and I went down to Sunday school and church. George and Marion went down to church. I stayed at Auntie's for dinner. Mr. & Mrs. Millman were there and some

Sid. Frank came home to dinner but all the rest went down to the Hardings for their midday repast. I came home early and wrote to Darric. The rest came home fairly early and Alan, Dick & Mrs. Dick Libbitts came over for tea. I left right after tea for Nanticoke as Mary went down last night with Warrel Danfield and I drove her home. It has been a lovely day with a fine cool breeze.

Monday June 23<sup>rd</sup>

Dad had to go down to Sam Lums this morning and he drove George and Marion down town and they went up creek. He then drove county down to Lums with him. I hoed the strawberries and Frank took the mower guards down and had the new ledger plates rewetted on Bradley was here for two or three hours at noon as he had several customers, consequently we didn't get much done. Frank and George have the mower all fixed up ready for business and Frank got a couple of pieces of ash for the rake tongue. I went down to hand practice this night. We saw by to-day's paper that Dick is with the troops that landed in Canada on the Montserrat on Friday. so we expect him home in two or three days.
