

We sure had a nice walk
and just got back to
Magnolia Ave when we
saw the car coming. we got
home at 5 o'clock, Charlotte
does enjoy going around, she
is getting to be some walker
and Daisy does pretty good
too.

Feb 11th. Monday. Fine & warm this
morning temperature at 9
o'clock was 66. We expected
some papers this morning but
none arrived. they are a whole
week behind now.

I have been getting some
Catalogues of Plants & Seeds.
They have a lot of the same
varieties here as we have
in strawberries but prices

for plants are higher \$10 to
\$14 per 1000. Blackberries \$40.00
to \$75.00 per thousand. also
have Niagara & Concord
grapes here. also plums
apples, cherries. same
varieties as we have.
Vegetable seeds. nearly
all the same kinds and
prices about the same
as at home. was over to
the Park this afternoon and
heard some more of the Knocks
Club. one man from Iowa
had been here since May only
saw 4 good rains, worked on
a ranch out Magnolia Ave
~~and~~ left, could not get his
pay. had some Apicots two
varieties sweet & sour, says
