

July, 1926.

31 Saturday. Very warm day. Walter helped Earl Miller this morning. Vernon Aubrey finished hoeing the turnips. Colson came up here this afternoon and Edith, Roy, Lois and Sonny went home with him after supper. Sam. Umbach was here for supper.

This afternoon we had a hilarious chase when the chickens ran away with Lois comfort or diddle as she calls it.

Ezra Miller was operated on for appendicitis at the Bergum Hospital
