d broken  
onsidered

### Tuberculous Anemia.

Plenty of food, air and sunshine are distinctly supplemented by

### Pepito-Mangan ("Gude")

the one efficient preparation of iron that builds blood without disturbing the digestion.

Weather

Temp

Thawing but cold, wind  
Grandie started to school again  
Melba was glad when went up  
to Walter Ashtons for their  
seed & forgot come home, went  
on over to Eugene for dinner  
& stayed all day, came home  
in time for supper. Mrs. Quigley  
came up a little while before  
dinner & brought some pudding.  
I have been sitting loose to  
day lying in bed, we did the  
work & insured something to finish  
it to night.
