

it was Grant & Calne in his glory. He asked me  
if I would go for advice. I went it was a  
Sunday night we went down to McCreaney's  
corner then we turned up by Smith's & came  
upon Middlehead then came home we  
got caught in rain. I asked him if he would  
have an umbrella & he said he did not know so  
when I got in house the folk told me & told him  
that E.M. was coming in way to Milton & that  
he would want it. So I had to exercise it the  
best way I know how. Annie & Sarah had  
Madeline Shaw <sup>to</sup> drive them home I was up  
nearly in bed & I come down & recall content  
& Mr. Grant was first one that I drove  
shook hands with after counting 100 gray his  
Cark had the shake of Max hand & then a  
drive but I had a drive & then a shake hand
