

July 22<sup>nd</sup> 1892

Fri, 22. Very hot all day. Thermometer 88°  
Thundering in the west most of  
the afternoon but no rain here  
still heavily clouded, clearing  
off in the evening

Sat, 23. Another very hot day Therm 85°  
in shade, cloudy at night

Sun, 24. A light rain in the morning clear-  
ing off and being sunny until  
about noon, then very hot all  
the rest of the day sharp light-  
ening at night in the south  
spent the ~~day~~ at Mr. Chas.  
Dankon's, one of the patrons and  
had a pleasant time was at  
Mrs. McCleod's in the evening.

Mon, 25. Very hot to-day Thermometer 98°  
out doors. Lightning to-night very  
bright beginning with it a light  
thunder shower, at Mr. J. Handley  
to-night and hoped him cock day

July, 26<sup>th</sup> 1892

Tue, 26. Another very hot day Thermometer  
102: out of doors, a clear night but  
very hot and close.

Wed, 27. Another intensely hot day, appar-  
ently hotter than yesterday, a  
light shower at night barely  
sufficient to lay the dust  
very close at night, some  
thunder and lightning about  
midnight but no rain

Thu, 28. Still another hot day, very close  
at night

Fri, 29. Intensely hot to-day, particularly  
just before the rain which  
came about four o'clock it  
was a light shower here, but  
in some localities it was  
very heavy with much thun-  
der and lightning it was  
fine and cool after the rain  
and was much appreciated
