Thursday March 1<sup>st</sup>

I spent most of the morning getting the incubators in shape to start. I lit the lamps in both of them. Dad went down to lunch to dinner as Aunty left to night for Toronto. She is going down for a couple of weeks to celebrate Rebecca's birthday. I didn't do much this afternoon but went down and prowled around in Dicky Stevens' orchard for awhile. To night we all went over to the Juanburgs as they have been inviting us for quite awhile to come over and hear their new Victrola. Just as we were coming out the house we heard voices down the road and waited to see who it was. It turned out to be Dick & Dess who had been out for a walk and were coming to the farm but they came over with us to the Juanburgs but Dick had to leave before us as he promised Aunty Alice to stay down there to night. It has been a very nice sunny day but with a raw wind.
