July 19th 1843.

Wed. 19. Most Beautiful, fine cool Breeze blowing, with out this evening to some errands for Mrs Lawson accompanying Miss English who also was on the same Big, coal to night.

Thu. 20. Most Beautiful day, but some appearances of a storm soon attended prayer meeting tonight

Fri. 21. Extremely hot today helped Mrs Lawson clean her berries, and other things to get her in readiness for going to town tomorrow.

Sat. 23. Very hot and close this morning, sky clouded and sounds of distant thunder, there was very heavy thunder shower passed to the north and south of us, but here we only got a slight rain about noon Mrs Lawson went to Kingston today. She bought and made me a present
