84 TO COME

An Excellent Tonic.

A London, Eng., physician reports: "I have found Pepto-Mangan (Gude) an excellent remedy for Anemia. The patients on whom I have tried it have answered very promptly to its hematinic properties, even after failure of other treatment, and it appears to be an excellent tonic, which I shall have pleasure in prescribing in future cases."

I went to the woods & gathered  
red beech nuts & string  
peas. The dog & I had our  
dinner down there. Lewis  
brought his potatoes  
this afternoon.
