

Thursday December 5<sup>th</sup>

Frank and I hauled a load of oats down to the mill this morning but had to leave them there in the bags as they were filled up, so we couldn't haul down any more as we had intended. We had 19 bags and it weighed up to 53 bushels. We harrowed some more bags and cleaned up some more this afternoon. Winnie & Dees were over here to tea to night and Frank and I walked down with them. Eva and Sid drove down town with Mexico, the Lunenburg pony that Mrs. Wilson wants Eva to keep for the winter. Very mild but snowed some.

Friday December 6<sup>th</sup>

I haven't done a thing all day. I felt tough this morning so just lay around the house but feel better to night. Dad and Frank got the hub sleighs out this morning and took Gladys down to Coleman's. I think they spent most of the afternoon cutting wood. Sid had a great time riding Mexico. Nice day.

Saturday December 7<sup>th</sup>

I went down town this morning and drew out the last \$100 of my bank account to finance my trip to Guelph. I vainly imagined when I deposited \$150.00 two months ago that I would be able to keep it there for the winter at least. but alas 5-6 cents

is all my account represents now. I went down to Aunt's for a few minutes and saw Benty Alice who got back from Toronto Thursday night. This afternoon, we hauled over a small load of hay for the cows. Tom brought some of his fruit up to put in the cellar for the winter and bought a couple of dozen eggs @ 60c. Eva & Sid drove Mexico down town. Nice day and very mild.

Sunday December 8<sup>th</sup>

Frank went down to Sunday school this morning but none of the rest of us went to church. I didn't think I would have time as I left on the one o'clock car for Guelph. Sid got on at Dover and Butter & Neff at Simcoe. When we got to Gt. we found the other electric cars didn't run on Sunday so we had to hire a motor bus to take us across to Kitchener. We got a G. F. R. train there for Guelph and got in there about six. Neff had a boarding house arranged for us but he didn't stay with us. We all three went to church to night. Nice day here.

Monday December 9<sup>th</sup>

We spent the whole day to-day judging and waiting to give our reasons to the judges so didn't see much of the Fair. We didn't do very well judging half cattle but not too bad on Dairy Cattle, sheep and swine. The two Cattle classes
