165 DAYS PAST

200 TO COME

A Necessary Element

in the progress toward recovery from a prolonged illness is the enrichment and the restoration of the impoverished blood stream. **Pepto-Mangan (Gude)** tends to bring to an end the physiologic "stand still," by supplying to the depreciated vital fluid the ferric and manganic elements necessary to the building and rebuilding of red cells and oxygen-bearing hemoglobin.

Weather

Warm & fine

Temp.

We did our washing. Maudie took Della to school & went for her Eugene was to buy a new mowing machine, John was cultivating corn & hoeing. Joe was hoeing also, John road the wheel to Kingsmill & Joe walked up. The girls got me a new Cedar mop in the tree corner. I had eight more chickens hatch today
