

so to night I went down to go although I know I was getting a cold but I saw Joe & he said the dance had been cancelled on account of the roads so I went down to Auntys' for a few minutes and then started to go to the club but changed my mind and went in to see Zetta. she and I had a game of chess which she beat and I got home a little before twelve feeling rather with a cold. Very mild & soft. Wind was over all the after noon and Frank went down with her and went skating.

Friday January 5th

I felt pretty bad with my cold to day and didn't get up till about nine o'clock and didn't do any thing in particular all day but as it rained nearly all day there wasn't much to do anyway. It cleared up to night and I went down to see Mary for a little while Mrs. Moon and Mrs. Meiner were there. Mrs. Moon had a letter from Lucretia reading it aloud. She is at Malta now. I came back to Auntys and stayed all night. Miss Harding is staying there for a few days now.

Saturday January 6th

I didn't get up till late this morning and had breakfast at Auntys. Dick and I went down and tried the creek after breakfast and it seemed pretty fair. I stopped in at Jack Martin's to see about getting some roosters and he said he would get some ready for Dad & Frank to get as I expect to go to Guelph on Monday.
