

and I took it along with our own
own. Then Bill loaded up some
manure and I went over and spread
it which job I have kept all day.
Old Felix came over to fix the wind
mill so she will work all right and
he fixed it to pump a lot easier.
Bob Law brought a couple of loads of
sand to day for the foundation of the
horse stalls when it is moved.

Bill Donald has been plowing
for buck wheat all day.

It began to rain heavily about
five o'clock and kept up till after
tea. There were a couple of light showers
before and it has been fairly hot
all day but a nice breeze.

All the school had a holiday this
afternoon on account of Mrs. Liddy's
funeral.

Bill rode old Harry down town to
night.

Saturday June 3rd

Bill got back about four o'clock
this morning.

I went out after breakfast to spread
manure and got my feet so soaking
wet that I came in and changed my
boots and socks and went out and laid
the tomatoes and planted some potatoes.

Bill Donald came to plow and has been
plowing all day.

After dinner Bob Blake came over to
get some of his property that he had sent
to Williams and talked here for about
an hour. Then Daddy and I went back
and planted carrot seed all the afternoon.
Bill hauled manure all day and got
out 18 loads. Allan and Harry Bately
drove out for a short visit.

After tea Dick and I walked in and
went into the stump for a swim and
then on down town and I got a film
and a collar. We got home about 8 o'clock.
This was His Majesty's birthday but it was
not celebrated here but the coronation will be
