

December 15

Monday Chopping we put up about
2 1/2 cords of wood; it cut
very hard and split fast
Henry and I as first to help
Uncle Hugh tomorrow.

Pa made a shoe and put
it on Charles.

16 Working for Uncle Hugh.
He is getting out timber
to build a barn. John
Street is helping Henry
and I and John Bryn-
son are securing. It is a
most beautiful day.

Pa went to mill.

17 Working for Uncle Hugh.
Pa went up for his gun
he didn't get it yesterday.
Warm and thawing.
It will take about an-
other day and 1/2 to get
out what timber he wants.

Dec 18/83

Thursday Pa and I was sawing cooper
wood and Henry was helping
Uncle Hugh. It threatened rain
in the morning but cleared off
and was quite pleasant.
Dr. Hoey was here on a visit -
Prayer meeting there.

19 Sawing cooper stuff. Had John S.
to help us, but it snowed so that
we had to quit at noon.

20 Chopping wood had John
Ermelsson to help us.
Beautiful forenoon but rough
and blustering for a while
at noon but pleasant in
the evening.

21 Beautiful day. Rev Mr
Rainey preached our Mis-
sionary Sermon today.
The S. School was largely atten-
ded today.
