

to be over hauled and as he was too late for the fair
walked home with his purchases getting here about
half past six. He got a dandy officers great coat very
little worn for \$3.50 two or three pairs of riding
breeches & slacks for \$1.00 a pair. two tunics one of them
a red mounted Police one for \$1.00 a piece two pairs of
puttees for 25 cts and a couple of caps thrown in for
souvenirs. He says they have heaps of them up there
but he didn't have time to pick over any more. The ones
he got though are good all a little worn. I cleaned out
the chicken pen this afternoon where the roosters were
as I may want it for little chickens soon.

Sunday March 2nd

I sank and I went to Sunday school this morning
and I actually got there in good time. Each drove down
to church with Sid and after church Maryj. came home with
them and the Mexico cast outfit. Ray was in church and
I walked home with him as he came over here to dinner
We sat around and visited all the after noon and Ray
went down town before tea. Maryj. stayed here to tea and
didn't go to church to night. Dad. went down this evening

to see how Aunt Ida was as she has been pretty sick
I drove Maryj. home a little later and then called for Dad.
and drove him home. It has been a beautiful spring day

Monday March 3rd

Dad. and I went up to Ham Thompsons this morning with
Knock firena and were up there till nearly noon looking at
the stock which looks fine. This after noon Dad. and
Frank went back to the bush. I took Pommers out
on the line but he got away from me. He didn't do any
thing mean but just got cantering faster than I could and
as I couldn't stop long enough to be as myself to hold
him I had to let go. He ran up and down the line and
got the lines plastered with mud but I didn't have much
trouble catching him when I got up to him. Ersk and
Sid drove down town this afternoon and stayed to tea at Hobbys
Frank went down there to tea also and they all went to see
Uncle Loris Cabin to night in the hall. I went down to the
band meeting and left my horn there. We didn't do much at
the meeting but spent most of the time watching the show
It seemed to be a little better than the general run of
shows but not much. It has been very mild all day.
