

going to have a party at her place tonight
about a dozen girls. As Ida went down to
see John & Leerin & her sick & Jessie
Mom was here in afternoon & I made some
fun creating Milton Sarah writing letter to
Eliza. I did not see Jack Mc. go up so I gave
Henry Bud my letter but he said he did
not see him up at station. Wednesday 8th Oct
Picking up potatoes O.M. cutting down Sarah & cutting
we picked up all that were dug then we came in
Sarah did not go out but I went & finished for the
day. We were out milking we had just started
when I seen & heard the banging click & then
was Mack coming with his horse & baggage.
I ran get my gun & hid in the barn he came in
& found me he had brought Dan & Ray from station
so Mack put his horse in stable & brought the horse
before him Ida had slept from 5.30 in afternoon
