## Indications for Operation in Chronic Disease of Middle Ear.

1. Continued pain in an ear which is discharging, or on that side of the head.
2. When the discharge has lasted three months in spite of attention to the ear, throat, and nose.
3. If there is bleeding, blood stained, or brown discharge coming from the ear.
4. If the perforation in the drum is enlarging. (This means that the membrane is being destroyed.)—Leslie.
