

to set at all before the next is put on it will cause my stuff to-night but as it was raining about
a crack in the wall and will lead. We just mixed seven o'clock and was so dark & muddy and I felt
got started to work when it started to rain and so tough I didn't go. but we all went to bed as soon as possible
the harder we worked the harder it rained, but we
stayed with it and finished a little after twelve. Wednesday September 16th
Ot had his boy with him so there were four of us I went down to the rink this morning to see what had
to mix great and Ot to tramp it in and put in happened to my exhibits and discovered that due to
the reinforcement while Dad & the boy were running lack of competition more than excellence I had got
in a batch Frank and I were carrying gravel & cement second prize on my crab apples and one on my water
for the next one. We just mixed one bag at a time melon. 6 oct for each I got nothing on my squash but
and it took 16 bags. We had the drive house door I sold two to Jack King for 5 oct. and left four at home
for a missing board and as it sagged in the center it Schram's store him to sell if he could and gave a couple
made a good one. We all got soaked of course but Dad & to Mr. Bayley. I also gave my pears to Mrs. M. B. Bide
I didn't have coats on so we got an extra soaking I had to deliver my crab apples to Fandon Greep's and
and we had to work like niggers to keep from getting Muel Ward got me to take some grapes of his to Cecil
very cold: so to night I feel pretty stiff. We went in the Schram and Harry Greep. They then called me to help
house. built a fire and changed our clothes as soon load benches and tables and take them back from where
as we finished and Frank got dinner as Enah was they had been borrowed, some to the town hall and some
down just going at the flower show. It stopped raining to Beck's Park, so that it was about two o'clock when
far which about the middle of the afternoon and I got home to dinner and this afternoon I drove up to
came home about four. Marj. has had a busy day Shoff and got the time of the team hauling gravel for 2 weeks
with Harry B & the baby sick. but the baby is better today. The baby doesn't seem to be just right yet and as there is an
I should have gone down to the show to look after ^{the} epidemic of her corn plint and Am. Culver's lost their baby Marj
is still worried. Very cloudy all day clearing this evening.
